Are you new to the area?

We invite you to stop in our office or give us a call! We would love the opportunity to meet you and let you know what we offer. We have many classes, activities, programs and leagues for all ages. Welcome to the neighborhood and we look forward to meeting you!

Summer Welcome from Shelly Strasser Director of Recreation & Community Services

Summer Greetings West Allis and West Milwaukee,

We are longing for our favorite time of the year, when the cold temperatures and dreary skies of winter and spring disappear, SUMMER! There is so much to look forward to in summer. Concerts, outdoor sports, swimming, fireworks, gardening, farmers markets and being outdoors. There is significant research demonstrating the positive effects of being outdoors on both physical and mental health.

As we head into summer, we are excited for the opening of our new inclusive playground and park upgrades. In addition to accessible walking paths with park access, we are anxious to see the plans come to life and the energy a new play structure will bring to the area. We are also including built in hill features, a new swing bay, an orbit spinner and a zip line. We invite community members of all ages to come and check it out. Our department is committed to continually working hard and improving to make all feel welcome and safe in our programs, so everyone has access to reap the benefits our programs have to offer.

We look forward to seeing you this summer!

American Red Cross “Learn to Swim” Lessons

Parent & Child Swim 2+yrs

Parents and children learn together to increase their child's comfort level in the water and build a foundation of basic skills, such as getting their face wet in the pool, blowing bubbles, front and back floats and glides. This level is fun-filled to help introduce water safety concepts and encourage a healthy recreational habit. One adult per child is required.

Level 1: Little Beginners

Little Beginners orients first-time swimmers to the aquatic environment and helps them gain basic aquatic skills that are the foundation for later levels. Front and back floats, blowing bubbles and leg and arm actions are introduced.

Level 2: Introduction of Water Skills

Level 2 teaches basic personal water safety skills to help children feel comfortable in the water while improving elementary aquatic skills such as bobbing in the water, front and back glides and combined arm and leg action with assistance.

Level 3: Fundamental Aquatic Skills

Level 3 leads participants to success through fundamental skills such as floating and recovering to a vertical position. Participants will continue to increase their independence with treading and swimming on their front and back.

Level 4: Stroke Development

Level 4 will teach swimmers to do front crawl, rotary breathing and elementary backstroke the width of the pool. They will be introduced to deep water entries and simple dives, while continuing to improve their deep water treading skills.

Level 5: Stroke Refinement

Level 5 will help the swimmer develop confidence and distance in previously learned strokes while introducing new strokes. Swimmers will begin to develop scissor and frog kicks, underwater swimming skills and new deep water dives.

Level 6: Swimming and Skill Proficiency

Swimmers will practice their front crawl and elementary backstroke for 50 yards, backstroke for 25 yards and butterfly for 15 yards. Participants will continue to strengthen their frog and scissor kicks. Open turns are introduced and deep water skills are refined.

Level 7: Fitness Swimmer

Level 7 helps swimmers refine their strokes and skills so participants swim with ease, efficiency and power over greater distances. Participants will begin to incorporate flip turns into their front crawl.

Level 8: Intro to Competitive Swimming

Level 8 will introduce swimmers to what to expect in competitive swimming. Swimmers will learn to do starts from blocks, use equipment such as paddles and pull buoys and understand the terminology and format of competitive swimming. This is a higher level program that will build endurance.

Youth Sports LEAGUE STRUCTURE

For all youth sports leagues, the WAWM RCS Department will hire a League Director. The League Director is an experienced and knowledgeable staff member responsible for delivering age appropriate instruction, preparing all practice plans, leading all practices and ensuring a consistent, quality experience for all players.

Teams are coached by volunteers.

If a team does not have a volunteer coach, RCS staff will serve as the coach.

1. For every practice, the League Director will prepare the practice plan and set up all required equipment.
2. The League Director will explain and demonstrate each drill to the coaches.
3. Coaches will run the drill as explained by the League Director.
4. All teams will follow the same practice plans.

INTERESTED IN BEING A VOLUNTEER COACH?

Volunteers follow the lead and direction from the League Director and run the pre-planned drills with their team. On game days, volunteers are responsible for player substitutions and providing a positive and fun learning environment. Volunteer coaches must model and exhibit our core values of inclusion, balance, skill development and lifelong enjoyment.

TIME COMMITMENT

4K-1st Grade: 1 hour a week (they meet once a week for 55 minutes)
2nd-8th Grade: 2 hours a week (they meet twice a week, an hour each time)

If you are interested in volunteer coaching, please indicate that at the time of enrollment or contact Sam Sujecki at sujeckis1@wawmsd.org or 414-604-4959

WAWM Intermediate School Interscholastic Sports 6th-8th Grade

Athletic opportunities are open to all 6th-8th grade school district residents including those who attend a parochial school, private school, home school or public school outside the district that does not offer sports. Student-athletes will work on building their fundamentals, teamwork and leadership skills while representing their school against local schools based on the conference their sport competes in. All participants must register with their attendance area school. All student-athletes will need a physical on file before participating in either the first day of tryouts or the first practice. If tryouts are required, participation fees will be due after the teams are announced.

- For girls and boys basketball and girls volleyball ONLY, Frank Lloyd Wright, Lane, and West Milwaukee Intermediate will compete in the Jr. Parkland Conference.
- For 6th grade boys and girls basketball and 6th grade girls volleyball, student-athletes will have the opportunity to participate in recreation leagues. This aligns with the conferences we participate in for these sports, which do not include 6th grade interscholastic athletics. This creates a more inclusive opportunity for all interested athletes during their intermediate transition year as there is not a try-out process.
- Practices take place at the school you are registered at and scheduled in season between the hours of 3-5pm.
- Bus transportation will be provided for athletes to all away competitions.

"RUMORS" by Neil Simon is a comedy that first premiered in 1988. Comic complications arise when, given everyone's upper-class status, they decide to do everything possible to conceal the evening's events from the local police and the media. YOUR DONATION CAN HELP

According to the National Recreation and Park Association, in the past decade, participation in youth sports has decreased by 8% and the gap is growing, especially for lower income families. Kardys, Jack (2019, October) Leveling the Playing Field for Youth Sports, Parks & Recreation Volume 54 (10). Recent research published by the Rand Corporation confirmed that children from lower income families are less likely to participate in sports. Do you know that over 50% of the students in our district qualify for free and/or reduced meals? This means that their family is living at or below the federal poverty threshold. For a family of four that is an annual income of \$25,750 or less. This leaves little to no discretionary income for a family to enroll their child in youth sports programs or provide safe alternatives for after school activities. In the West Allis-West Milwaukee School District this means that potentially 2,300 students in 4K-8th grade may never have the opportunity to participate in a youth sports program or be actively engaged in an after school Action program.

Your donation will ensure that students in our community can reap all the benefits that youth sports has to offer or you can ensure that students have a safe place to play and be active during after school hours, providing a parent with peace of mind while at school or work that their child is safe and well cared for. No donation is too small and every dollar goes directly toward ensuring that every child has a chance. Prefer to donate online? Go to wawmrec.com, click on "register" and then on the "donate" tab.
